EBS BrokerTec combines MyTreasury into product portfolio

EBS BrokerTec, ICAP's market-leading electronic foreign exchange and fixed income business, announced that, in line with its multi-product expansion strategy it has combined MyTreasury into its product portfolio. MyTreasury is an ICAP owned, established money market fund (MMF) platform for the corporate treasury community. Furthermore, by leveraging its existing platform and established network, EBS BrokerTec is adding an FX offering onto MyTreasury which will be available later this year. It will be branded 'EBS Treasury'. □

HSBC facilitates cross-border RMB lending in Greater China

HSBC has successfully facilitated cross-border renminbi (RMB) loans for mainland China corporates operating from the Nansha Free Trade Zone (FTZ) and Kunshan, areas that are now participating in China's cross-border RMB lending pilot. The bank is among the first foreign banks to complete such

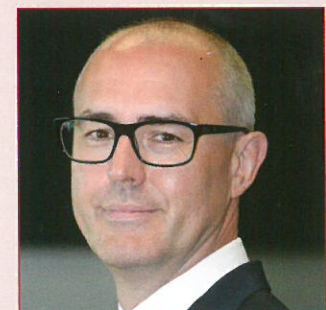

transactions under the cross-border RMB lending pilot which was extended in July 2015 to the Nansha and Hengqin FTZs in the southern province of Guangdong and Kunshan Deepen Cross-Strait Industrial Cooperation Experimental Zones in the eastern Jiangsu Province. ■

Bank of America Merrill Lynch launches Emerging Women in Treasury Programme in Asia Pacific

Bank of America Merrill Lynch Global Transaction Services (GTS) has launched the Asia Pacific Emerging Women in Treasury programme as part of the firm's efforts as a responsible company to help build diverse and inclusive workplaces, offering a forum for high-potential female talent in Asia Pacific to come together to promote greater gender equality in leadership and

address any structural biases against women that may exist. The programme will connect participants with Bank of America Merrill Lynch executives and treasury industry leaders on a regular basis and they will be provided access to the latest treasury and financial market insights via a series of networking lunches, panel discussions and special presentations. □
